What SMART offers cannot be duplicated in a hospital or rehabilitation facility. The injured Veterans are welcomed to a place where they can privately work on regaining physical, emotional and cognitive strength and stamina in a quiet, country setting. Wounded Warriors recovering from amputations, traumatic brain injuries, PTSD, blindness, spinal cord injuries and/or other war related injuries are eligible to participate and can look forward to receiving many of the following therapeutic benefits:

- *Increased balance & stability
- *Increased coordination
- *Increased upper body strength
- *Improved ability to focus & recall
- *Improved long term & short term memory
- *Improved morale
- *Restored confidence & a sense of empowerment
- *Improved quality of life

- No Charge to Eligible Veterans
- Professional Staff : CRI, RN, PT
- Wheelchair Accessible Carriage
- Volunteer Opportunities for All—
especially for able-bodied Veterans.
- Experienced Therapy Horses
